

MANY WOMEN IN RACE FOR OFFICES AT THE ELECTION THIS FALL

Two Are Out for Congress and More Than Two Score Will Contest for State Offices. Majority Running on Socialist Ticket

Howard is running on a Progressive ticket.

The Associated Press has compiled all of the state tickets from each state in the union and it appears from these lists that there are less than 40 women candidates for various state offices. This figure includes the single candidate or no record by the fact that some names which almost certainly seem to be those of women are in fact cases also names of men, and it is assumed that some women have escaped identification by the use of initials instead of their full names. But the figures given, if no more, are interesting, since they develop the following facts:

Of the 46 women seeking state office, the following 12 are nominees of the Socialist party:

Utah is the only state in the United States where a woman is a candidate for another's office. Miss Anna Compton, anarchist, represents Spanish, New Mexico. Ruth Weston, Socialist, South Dakota; Edith Washington, Illinois, and Kansas.

There are thirteen voting states throughout the country where women are seeking state offices. Among Arizona, Colorado, Connecticut, Massachusetts, Nevada, New Mexico, Rhode Island, South Dakota, Utah, Washington, Illinois, and Kansas.

It is thought that there are two-way primaries in Connecticut and So. Cal., for the office of Lieutenant Governor, and two women of the same party for State Treasurer.

In Connecticut, Rhode Island, Vermont, Kansas, and Kansas there are women candidates for Secretary of State. None of the offices, primaries, or regular offices of state universities or superintendents of public instruction are those for which women have been named. In only one of the two instances does it appear that the women candidates are now holding the office for which they seek election.

Santa Fe Is Laying Heavier Steel on the Pecos Valley Line

Albuquerque, N. M., Nov. 3.—Heavy steel has been laid on this line of the Santa Fe railroads across over 100 miles, about six miles north of Raton. This means heavy line being laid as the road cuts a few miles south of Raton, and crossing north to Cimarron. Since many miles of steel has been laid, it can be expected to cover the entire distance between Cimarron and Raton, but Superintendent F. J. Johnson says that one or two more miles will be laid to get all the help the railroad could get the progress has moved along for that reason.

During the summer there has been much interest in the line otherwise further improvements will continue.

Further improvements will continue during the winter and into spring and summer whenever the snow melts. The power of contractors is making the Santa Fe a good line of business and good service.

See him, ask him, if you doubt. Louis M. Sherman, Sunny Brook, Alburqueque says: "My back was weakened by heavy lifting. I could hardly stand up and was getting worse all the time. I finally began using Dr. Kilday's Pills. I kept on until I had used several boxes and I am now well."

Price 10¢ at all dealers. Don't simply ask for a kidney remedy—get Dr. Kilday's Pills—the same that Mr. Sherman had. Foster-Millburn Co., Props., Buffalo, N. Y.

POSTCARD VOTE IS TAKEN TO INDICATE WILSON'S ELECTION

The Philadelphia North American Analyses the Farm Journal's Poll and Sees Victory for President on November 7.

Special Dispatch to Evening Herald.

Philadelphia, Pa., Nov. 3.—The North American, which is supporting Hughes, analysis today the postcard vote sent voluntary to the Farm Journal by readers throughout the country. The Farm Journal's poll four years ago indicates the defeat of Taft. The North American admits that the farmers' straw ballot, now Wilson has gained steadily since the autumn census and that the non-partisan character of the Farm Journal's lead would to the result indicated.
